SUMMARY METRICS

Research papers: 6
h-index: 3

Total citations: 32
Total funding: £71,655

PROFESSIONAL EXPERIENCE

Jul. 2025 – Present	Senior Research Associate , BRIDGE, School of Geographical Sciences, University of Bristol, UK.
Oct. 2023 – Jun. 2025	Senior Research Associate , Climatic Research Unit, School of Environmental Sciences, UEA, UK.
Jun. 2022 – Jun. 2023	Science Engagement Fellow , RMetS, Reading, UK. <i>(Part time, Remote)</i>

EDUCATION

Sep. 2020 – Sep. 2023	PhD , School of Mathematics, UEA, UK.
Sep. 2016 – Jul. 2020	MMath (1st Class Honours) , School of Mathematics, UEA, UK.

AWARDS AND HONOURS

2026	Fellow , Royal Geographical Society (with the Institute of British Geographers).
2025	Associate Fellow , Climatic Research Unit, UEA – <i>honorary position</i> .
2024	Fellow , RMetS.
-	Malcolm Walker Award for new environmental researchers , RMetS – <i>included award lecture at the 2024 RMetS Early Career and Student Conference</i> .
2022	Student Conference Oral Presentation Prize , RMetS – <i>included invitation to speak at the RMetS Scottish Local Centre Postgraduate Showcase</i> .
2021	Student Conference Poster Presentation Prize , RMetS – <i>included invitation to submit a paper to the Student Conference Special Issue of ‘Weather’</i> .
2020	MMath Final Assessment Prize , School of Mathematics, UEA – <i>for highest mark in year</i> .
2019	BSc Project Prize , School of Mathematics, UEA – <i>for highest mark in Year 3 dissertation</i> .
2017	Dominic Russel Prize , School of Mathematics, UEA – <i>“for exceptional efforts in helping other undergraduate students registered in the School of Mathematics to have a greater understanding of their studies”</i> .

GRANTS, FELLOWSHIPS, AND SCHOLARSHIPS

2023	Research Student Conference Fund , Institute of Physics, £300.
-	Travel Grant for Early Career Researchers , London Mathematical Society, £500.
2022	Science Engagement Fellowship , RMetS, £7,500.
-	Legacies Fund , RMetS, £1,000.
2020	Faculty of Science PhD studentship , UEA, £62,355.

PUBLICATIONS

†: INVITED SUBMISSION.

PEER-REVIEWED RESEARCH PAPERS

6. Sear, D., M. Peaple, P. Langdon, **D. T. Skinner**, M. Joshi, A. J. Matthews, C. Hipkiss, T. J. Osborn, G. N. Inglis, and J. Sheffield (2026) How did a changing climate in the tropical South Pacific contribute to the eastward migration and settlement of Polynesia?, *Journal of Pacific Archaeology*, 16(2), 5.
<https://doi.org/10.70460/jpa.v16i2.399>
† Invited submission to the special issue “Studies in honor of Melinda Allen”.
5. Peaple, M., **D. T. Skinner**, G. N. Inglis, M. Joshi, P. Langdon, A. J. Matthews, T. J. Osborn, R. Scaife, J.-Y. Meyer, and D. Sear (2026) Cooler and drier climate in the South–Central Pacific during the last glacial period, *Communications Earth and Environment*, 7, 408.
<https://doi.org/10.1038/s43247-026-03356-8>
4. Peaple, M.*, **D. T. Skinner***, G. N. Inglis, M. Joshi, P. Langdon, A. J. Matthews, T. J. Osborn, and D. Sear (2025) Ocean variability drives a millennial-scale shift in South Pacific hydroclimate, *Communications Earth and Environment*, 6, 679.
<https://doi.org/10.1038/s43247-02676-5>
* Co-lead authors
3. **Skinner, D. T.**, A. J. Matthews, and D. P. Stevens (2025) Decadal variability of MJO teleconnections in a coupled climate model, *Quarterly Journal of the Royal Meteorological Society*, 151(773), e5071.
<https://doi.org/10.1002/qj.5071>
‡ Selected as ‘Editor’s Highlight’.
2. **Skinner, D. T.**, A. J. Matthews, and D. P. Stevens (2023) Decadal variability of the extratropical response to the Madden–Julian Oscillation, *Geophysical Research Letters*, 50, e2023GL104576.
<https://doi.org/10.1029/2023GL104576>
1. **Skinner, D. T.**, A. J. Matthews, and D. P. Stevens (2022) North Atlantic Oscillation response to the Madden–Julian Oscillation in a coupled climate model, *Weather*, 77(6), pp. 201–205.
<https://doi.org/10.1002/wea.4215>
† Invited submission to the special issue “Student Conference 2021” as a result of 2021 RMetS Student Conference Poster Presentation Prize.

RESEARCH PAPERS IN REVIEW/PREPARATION

3. In preparation – **Skinner, D. T.**, et al. (TBC) Implementation and evaluation of HadCM3B-ESM for CMIP7, *Journal of Advances in Modeling Earth Systems*.
2. In preparation – Li, Y., **D. T. Skinner**, et al. (TBC) HadCM3B-ESM: description and baseline evaluation of the Bristol Earth System Model, *Journal of Advances in Modeling Earth Systems*.
1. In review – **Skinner, D. T.**, C. Robbins, M. Peaple, G. N. Inglis, M. Joshi, P. Langdon, A. J. Matthews, T. J. Osborn, and D. Sear (2026) Decadal-scale drivers of South Pacific hydroclimate variability, *Quarterly Journal of the Royal Meteorological Society*.

SCIENCE COMMUNICATION

PRESENTING AUTHOR, IF NOT MYSELF, MARKED BY UNDERLINE.

†: POSTER PRESENTATION.

INVITED RESEARCH TALKS

- 2026 Developing a large DAMIP2 ensemble with the HadCM3B-ESM model, *University of Tokyo and National Institute for Environmental Sciences*, Tokyo, Japan.
- 2025 South Pacific hydroclimate variability on decadal to millennial timescales, *University of Reading Tropical Meteorology Seminar Series*, Reading, UK.
- Changes in South Pacific hydroclimate over the past two millennia (and beyond!), *University College London Palaeoclimate Seminar Series*, London, UK.
[Recording available online.](#)
- 2024 How do MJO teleconnections vary in time?, *RMets Early Career and Student Conference*, Exeter, UK.
Malcolm Walker Award Lecture.
- 2023 Changes in the extratropical response to the Madden-Julian Oscillation, *RMets Scottish Local Centre Postgraduate Showcase*, Online.
RMets Student Conference Oral Presentation Prize Lecture.
[Recording available online](#)

CONFERENCE AND WORKSHOP CONTRIBUTIONS

22. † **Skinner, D. T.** (2026) Title TBC, *National Climate Impacts, Risk & Adaptation Meeting*, Leeds, UK.
21. Robbins, C., D. T. Skinner, G. N. Inglis, M. Joshi, P. Langdon, A. J. Matthews, M. Peaple, T. J. Osborn, and D. Sear (2026) Mechanisms of South Pacific hydroclimate variability on decadal to multi-decadal time scales, *EGU General Assembly 2026*, Vienna, Austria.
20. † **Skinner, D. T.**, D. Mitchell, D. Lunt, and C. Jones (2026) Large ensemble detection and attribution with the HadCM3B model, *Coupled Model Intercomparison Project Community Workshop 2026*, Kyoto, Japan.
19. † Li, Y., C. Jones, P. Valdes, L. Chen, A. Farnsworth, J. Millot-Weil, S. Steinig, D. Skinner, R. Death, D. Lunt, and N. Weitzel (2026) Reconstructing the Preindustrial-to-Modern Carbon Cycle Using Emission-Driven HadCM3 Simulations, *Coupled Model Intercomparison Project Community Workshop 2026*, Kyoto, Japan.
18. **Skinner, D. T.**, D. Mitchell, D. Lunt, and C. Jones (2026) A large ensemble of detection and attribution simulations from the Bristol HadCM3 model, *32nd Conference of the Australian Meteorological and Oceanographic Society*, Hobart, Australia.
17. **Skinner, D. T.** (2026) Detection and attribution with the Bristol HadCM3 large ensemble, *International Detection and Attribution Group meeting 2026*, Melbourne, Australia.
16. **Skinner, D. T.**, M. Peaple, G. Inglis, M. Joshi, P. Langdon, A. Matthews, T. Osborn, and D. Sear (2025) An SST-driven shift in South Pacific hydroclimate over the past millennium, *National Palaeoclimate Modelling Symposium*, London, UK.
15. **Skinner, D. T.**, M. Peaple, G. Inglis, M. Joshi, P. Langdon, A. Matthews, T. Osborn, J.-Y. Meyer, and D. Sear (2025) Millennial-scale shift in the South Pacific Convergence Zone driven by a weakened tropical Pacific sea surface temperature gradient, *10th National Climate Dynamics Workshop*, Exeter, UK.
14. **Skinner, D. T.**, M. Peaple, G. Inglis, M. Joshi, P. Langdon, A. Matthews, T. Osborn, J.-Y. Meyer, and D. Sear (2025) A shift in South Pacific hydroclimate over the last 1500 years driven by tropical Pacific variability, *EGU General Assembly 2025*, Vienna, Austria.
13. † Sear, D., M. Peaple, D. T. Skinner, G. Inglis, M. Joshi, P. Langdon, A. Matthews, T. Osborn, and W. Roberts (2025) Ocean variability drives a millennial-scale change in South Pacific hydroclimate, *Quaternary Research Association Annual Discussion Meeting*, Newcastle, UK.
12. Peaple, M., D. T. Skinner, G. N. Inglis, M. Joshi, P. Langdon, A. J. Matthews, T. J. Osborn, R. Scaife, J.-Y. Meyer, and D. Sear (2025) A cooler and drier climate in the South Central Pacific during the last glacial period, *Quaternary Research Association Annual Discussion Meeting*, Newcastle, UK.
11. **Skinner, D. T.**, M. Peaple, G. Inglis, M. Joshi, P. Langdon, A. Matthews, T. Osborn, W. Roberts, and D. Sear (2024) South Pacific hydroclimate response to multi-decadal modes of variability, *9th National Climate Dynamics Workshop*, Bath, UK.
10. † Peaple, M., G. Inglis, P. Langdon, M. Joshi, D. T. Skinner, A. J. Matthews, T. Osborn, W. Roberts, and D. Sear (2024) Reconstructing South Pacific Convergence Zone precipitation over the past 60 ka using plant wax biomarkers, *EGU General Assembly 2024*, Vienna, Austria.

9. **Skinner, D. T.**, M. Joshi, A. J. Matthews, T. Osborn, G. Inglis, P. Langdon, M. Peale, W. Roberts, and D. Sear (2024) South Pacific hydroclimate response to multi-decadal modes of variability in the IGCM4 climate model, *EGU General Assembly 2024*, Vienna, Austria.
8. **Skinner, D. T.**, A. J. Matthews, and D. P. Stevens (2024) Decadal variability of the extratropical response to the MJO: AMV and PDO modulation in the UKESM climate model, *EGU General Assembly 2024*, Vienna, Austria.
7. **Skinner, D. T.**, A. J. Matthews, and D. P. Stevens (2023) Decadal variability of the extratropical response to the Madden–Julian Oscillation, *28th International Union of Geodesy and Geophysics General Assembly*, Berlin, Germany.
6. † **Skinner, D. T.**, A. J. Matthews, and D. P. Stevens (2023) The extratropical response to the Madden–Julian Oscillation has changed, *C-CLEAR ARIES Doctoral Alliance Symposium*, London, UK.
5. **Skinner, D. T.**, A. J. Matthews, and D. P. Stevens (2022) Changes in the extratropical response to the Madden–Julian Oscillation, *RMetS Student and Early Career Scientists Conference*, Manchester, UK.
4. **Skinner, D. T.**, A. J. Matthews, and D. P. Stevens (2022) Variations in the extratropical response to the Madden–Julian Oscillation, *7th National Climate Dynamics Workshop*, Norwich, UK.
3. **Skinner, D. T.**, A. J. Matthews, and D. P. Stevens (2022) Decadal variability of the extratropical response to the Madden–Julian Oscillation, *EGU General Assembly 2022*, Vienna, Austria.
2. † **Skinner, D. T.**, A. J. Matthews, and D. P. Stevens (2022) Decadal variability of the extratropical response to the Madden–Julian Oscillation, *C-CLEAR ARIES Doctoral Alliance Symposium*, London, UK.
1. † **Skinner, D. T.**, A. J. Matthews, and D. P. Stevens (2021) The MJO and its Teleconnections, *RMetS Student and Early Career Scientists Conference*, Online.

DEPARTMENTAL SEMINARS AND RESEARCH TALKS

- 2026 How can BRIDGE contribute to CMIP7?, *BRIDGE Seminar*, School of Geographical Sciences, University of Bristol.
* Joint seminar with C. Jones.
- 2025 Mechanisms and impacts of South Pacific hydroclimate changes over the past two millennia, *BRIDGE Palaeoclimate Group meeting*, School of Geographical Sciences, University of Bristol.
- HadCM3 and CMIP7, *BCD Climate Science and Applications Group meeting*, School of Geographical Sciences, University of Bristol.
 - My research background and future plans, *BCD Climate and Health Group meeting*, School of Geographical Sciences, University of Bristol.
- 2024 Decadal variability of South Pacific hydroclimate, *ENV Colloquium*, School of Environmental Sciences, UEA.
- 2023 Changes in MJO teleconnection patterns on interannual to decadal time scales, *Atmosphere Ocean and Climate seminar*, Centre for Ocean and Atmospheric Sciences, School of Environmental Sciences, UEA.
- Changes in the extratropical response to the Madden–Julian Oscillation, *MTH Research Day*, School of Mathematics, UEA.
- 2022 How does the weather in the tropics affect the weather in the UK?, *MTH Research Day*, School of Mathematics, UEA.

SUPERVISION AND MENTORING

UNDERGRADUATE STUDENTS

- 2026 **Isabella Garrett**. Summer project student, Co-supervisor (D. Mitchell lead).
“Climatic impacts of a nuclear war.”

COMMUNITY LEADERSHIP ACTIVITIES

POSITIONS HELD

- 2026 – Present **Member**, Fresh Eyes on CMIP.
- 2024 – 2025 **Deputy Chair**, UEA School of Environmental Sciences Researcher Affairs Forum.
- 2022 – Present **Member**, RMetS Youth and Early Career Special Interest Group.
- 2022 – 2023 **Chair (and co-founder)**, RMetS Youth and Early Career Special Interest Group.
- 2022 – 2023 **Member**, RMetS Energy Special Interest Group.

2022 – 2023	Member , RMetS Insurance Special Interest Group.
2021 – 2023	Postgraduate Representative , UEA School of Mathematics.
2018 – 2020	President , UEA MathSoc.

EVENTS

2025	Session Chair , 10th National Climate Dynamics Workshop, Exeter.
2023	Organiser , UEA COAS Atmosphere, Ocean and Climate Seminar Series (summer term).
-	Member , RMetS Early Career and Student Conference Organising Committee.
2022	Assistant , RMetS Climate Change Forum, London.

EDITORIAL AND REVIEW EXPERIENCE

EDITOR

2023 – 2026	Early Career Conference Special Issue Editor*, Weather . * <i>At Associate Editor level</i>
-------------	---

REVIEWER

-	npj Climate and Atmospheric Science
-	Weather

TEACHING

TAUGHT COURSES: LECTURER

2021/22	Applied Methods and Inviscid Fluid Flows (MTHA5002B) – <i>Led IT lab component of course</i> Getting started with Python (SCI5RH1Y) Making figures in Python (SCI5RH3Y)
---------	---

TAUGHT COURSES: ASSOCIATE TUTOR (SEMINAR ASSISTANT AND MARKING)

2021/22	Applied Methods and Inviscid Fluid Flows (MTHA5002B); Computation and Modelling (MTHA4007B); Data Analysis in Python (SCI5RH2Y); Differential Equations and Introduction to Fluid Flows (MTHA5002A); Fluid Dynamics (MTHD6020A); Introduction to Quantum Mechanics and Special Relativity (MTHF5030Y); Introductory Mathematics for Scientists (MTHB3005A); Quantitative Skills II (ENV4014Y)
2020/21	Differential Equations and Applied Methods (MTHA5004Y); Dynamical Oceanography (MTHE6007B); Inviscid Fluid Flow (MTHA5007Y); Partial Differential Equations (MTHE6034A)
2019/20	Basic Mathematics I (MTHB3001A); Basic Mathematics II (MTHB3002B)
2017/18	Mathematical Problem Solving, Mechanics and Modelling (MTHA4004Y)

OUTREACH ACTIVITIES

2025	Lecture , Pint of Science festival, Norwich – “ <i>Why did Moana really return to voyaging?</i> ”.
2024	Lecture , Pint of Science festival, Norwich – “ <i>How is weather in Indonesia and the UK linked?</i> ”.
2022	School outreach event: Bringing Scientists To You , Springwood High School, Kings Lynn, UK.
-	School outreach event: Subject Discovery day , UEA, Norwich, UK.
-	School outreach course: STEP support classes , Advanced Mathematics Support Programme and UEA, Norwich, UK.
2021	School outreach event , Springwood High School, Kings Lynn, UK (online).
2019 – 2020	Mathematics tutor , Sir Isaac Newton Sixth Form, Norwich, UK.
